

# MLMC

MONTREAL LIGHT MICROSCOPY COURSE

AUGUST 15-19, 2016

**Montreal Light Microscopy Course – MLMC Frontiers: August 15 - 19, 2016**  
**McGill University, Advanced Bioimaging Facility**

## MLMC Fact Sheet

### Why Participate in the 2016 MLMC?

---

#### MLMC Feedback

- Majority of attendees were core facility directors and managers, graduate students, post doctoral fellows, principal investigators, and research associates from academic institutions
  - MLMC 2014: 119 attendees: 51% Montreal | 24% Canada | 19% USA | 6% International
  - Fees were reasonable
  - 89% indicated the course content was relevant to their work
  - 91% learned what they had hoped to from the course
  - 88% had ample opportunities to participate in course discussions
  - 91% had enough time to interact with course faculty
  - 92% were satisfied with the foundation of microscopy knowledge they now have to build on
  - 79% found hands-on activities relevant to their work
  - 82% learned what they had hoped to learn | 57% learned *more* than anticipated
  - 34% were satisfied with the course | 66% were *very* satisfied
  - 99% would recommend participation in the MLMC to others
  - 98% of companies indicated they would recommend participation to other companies
- 

#### MLMC Participating Institutions

- Albert Einstein College of Medicine
- CABM/Rutgers University
- California State University Long Beach
- Caltech
- Cancer Research Institute, Queen's University
- Center of Cancer Research and Immunobiology, Philipps University Marburg, Germany
- Children's Hospital Boston
- CHU-St-Justine
- Columbia University
- Concordia University
- Cornell
- CRCHUM Notre Dame
- Cvo University of Oldenburg
- Dana-Farber Cancer Institute
- Dell Pediatric Research Institute
- Experimental Medicine, McGill University
- Hyogo College of Medicine
- Institut national de la recherche scientifique – Institut Armand-Frappier
- Institut Pasteur
- International Institute of Molecular and Cell Biology, Poland
- IRIC – Université de Montréal
- JC Wilt Infectious Diseases Research Centre
- Jichi Medical University
- Lady Davis Institute - Cancer Segal Cancer
- LOCI, University of Wisconsin at Madison
- Max Plank Institute for Biophysical Chemistry
- McGill University
- Montreal Neurological Institute
- Mechanobiology Institute Singapore
- National University of Singapore
- NYU College of Dentistry
- Ontario Cancer Centre, UHN
- Oregon Health and Science University
- Reed College
- Université de Montréal
- Université Laval
- University of Calgary
- University of California, Irvine
- University of Cambridge
- University of Copenhagen, Faculty of Science
- University of Ottawa
- University of Oxford
- University of North Carolina at Chapel Hill
- University of Western Ontario
- Vanderbilt University
